This map was compiled from U.S. Geological Survey quadrangle maps, aerial photographs, and other sources available through the Florida Department of Transportation, Bureau of Planning and Research, and the Florida Department of Transportation, Bureau of Planning and Research, and the Florida Department of Transportation, Bureau of Planning and Research.

Map data were prepared on the Tennessee State projection, East Zone, Florida system, and are in feet and decimal fractions thereof.

Unimproved roads shown on this map are not necessarily shown on the ground. They are shown only as a guide to the traveler.

No attempt has been made to show all of the canals and ditches.

Due to insufficient space land grants will not be identified by name on this county.

City populations are from the U.S. Census for 1980.

1980 Volusia County population is 258,742. There are 1,115 square miles in the county.
